

# GREENVILLE

This new 95-gallon cart is the result of an important relationship between the **City of Greenville** and **The Recycling Partnership**, a national nonprofit organization dedicated to improving the U.S. recycling system. The Recycling Partnership selected the City of Greenville to receive grant funding and technical support for a new recycling collection system because of our commitment to providing excellent customer service and a high quality of life for our citizens.

We hope this new cart makes it easier and more convenient for you to recycle, and we encourage you to contact us at 864-467-4345 with any questions you may have. Our goal is to achieve a 60% citywide recycling rate by 2017. Thank you in advance for your support and participation in the City's new recycling program!
